

The children's activity is taken from the CViE Activity Workbook on 'Wisdom' (with additional questions). These Activity Workbooks were originally produced for the 5 - 10 year old children that attended our Regional Meetings. They have now been made available for downloading for home printing and use, and can be downloaded from the CViE website: www.cvie.org.uk

The CViE Committee would encourage anyone who is interested to freely use this resource.
